

Let's make a comic! Our STEAM Challenge is a great way to invite students to practice researching and using their imagination, in a way that will get them excited to jump into their creative minds! For this challenge, students will be able to create their own comic strips based on a story they have read.

Are you up for the challenge? Let's take important events from a story we have read and get creative.

What you need:

- Blank Paper Or Our Blank Comic Template
- Pencil
- Markers or Crayons

What you need to do...

- Find a book you love or are currently reading
- Pick the most important parts and decide how you could illustrate that
- Take your template or blank sheets of paper, and make sure to use your imagination to create a retelling of your book!

We would love to see you try this STEAM Challenge. Share your results with us through social media!

Happy Making.

If you are interested in sharing your S.T.E.A.M comic challenge through social media, share with the Whitehall Township Public Library as well!
