

Use a toilet roll. Print out this sheet. You can use colored construction paper for printing this sheet using black ink only. Cut out big rectangle then glue or tape around roll. Cut out heart shape (head). Add your made up eyes & nose or googly eye & pom pom for nose. Cut out ears and 4 legs. Don't forget to cut out the toes! Glue all on the body & use yarn for tail.

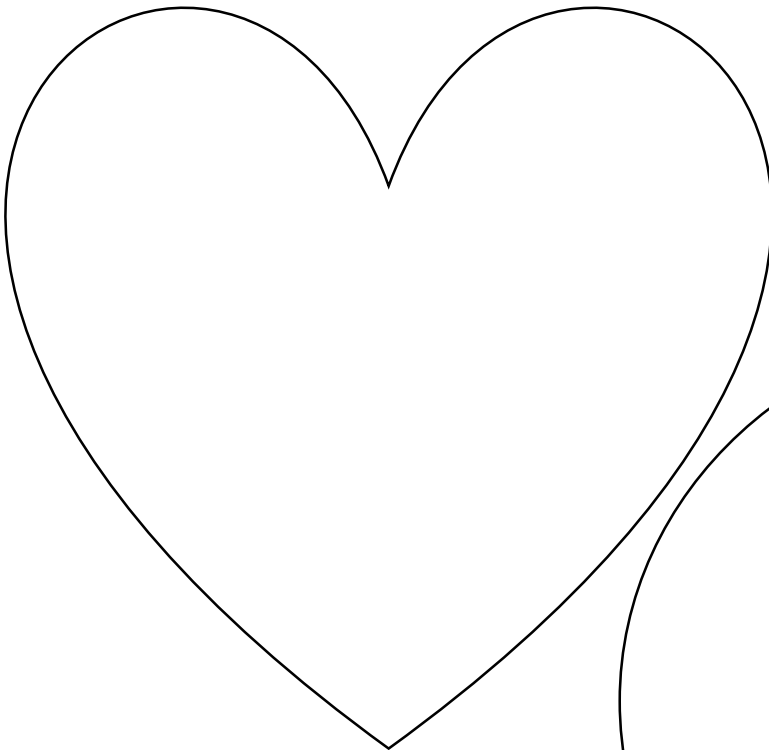

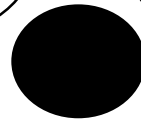

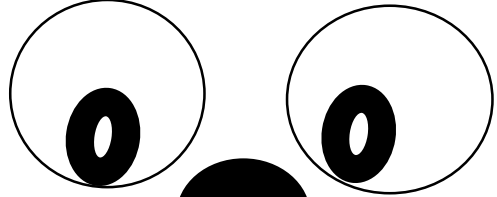

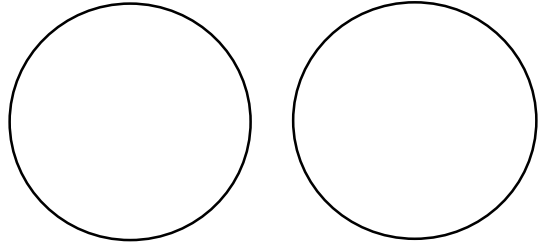

Print out this sheet. You can use colored construction paper for printing this sheet using black ink only. Cut out mouse's head. Cut out triangle as shown. This will give your mouse a 3D look. At the ear dots, fold ears over. Cut out the body, color, then glue or tape body to head. See example above.

Above, use as tail. Use a pencil, wrap tail around it for curl.

Print out this sheet. You can use colored construction paper for printing this sheet using black ink only. Use the heart as the face & cut out. Cut out the circles for ears (color them), eyes, black dot for nose & black strips for whiskers & glue in place. Cut out the circle below for the body & cut out the triangle. Bring cut ends together & tape underneath. Tape or glue the head (heart) to the body (see above) & don't forget to cut out the tail for your mouse on top of page
