

**Our Happy Leprechaun** Print & cut out the shapes below (the hat & circle). Use a cupcake liner, flatten it, or use a small paper plate & color the edge orange for his beard. Glue the circle (face) to the inside of the cupcake liner or plate. Draw in a smile, freckles, nose & eyebrows. Add googly eyes or make your own (or use the eyes by the hat). Glue the hat on top of the face & beard (as shown in the picture). If you have a popsicle stick, you can glue that to his back to make a puppet out of him. Or make a mobile with 3 pieces of yarn. You can glue yarn onto his hat & then glue on a cloud. You can use the pot of gold & yarn to attach to the other cloud of the rainbow you color. The piece of yarn is to hang it up! HAPPY St. Patrick's Day!
