

Shamrocks for girls & boys
 You'll need green & white paper, glue & a marker.
 Use my template & cut out 4 strips of white paper for 2 arms & 2 legs. Cut out 1 large green shamrock for the body. Also, cut 4 small green shamrocks in hearts (2 hands & 2 feet or use shamrock stickers). Fold the strips of paper back & forth like an accordion. Cut out 4 shamrocks in heart shapes, hearts are easier to cut out. Glue them to the end of each white strip. The biggest shamrock after cutting it out is the head & shoulders. Use the picture to see how it's done. Give your shamrock person a big smile. Glue all pieces to the large shamrock. If you want to make it a girl, add 1 more shamrock heart shape under the big green shamrock of the body. Place it upside down to look like a skirt. Happy St. Patrick's Day!
