

#### FLOWERS (ROSES) FOR SPRING HOLIDAYS

Color the flowers different colors or the same color. Each pair is the flip side of the other. After coloring both sides of the flower, cut out each pair. Be sure to keep the reverse sides together so the shapes match when you glue them together. With green pipe cleaners (cut them in half) use them to make stems. Glue the pipe cleaner in the middle of each pair. Remember to glue one side at a time on the stem then match up the other side making a two sided rose flower. You can tie a ribbon around the flowers or use the vases (below) to put the flowers in. The flowers with stems fit in between the two paper vases you have cut out. See my example. Then give as a gift!

## Hyacinth flowers

### Meaning & Symbolism of **Hyacinth**

Legend has it the origin of **hyacinth**, the highly fragrant, bell-shaped **flower**, can be traced back to a young Greek boy named Hyacinthos. As the **story** goes, two gods – Apollo the sun god and Zephyr the god of the west wind – adored Hyacinthos and competed for his attention.

### Supplies needed

- Different colors of construction paper
- Ruler
- Pencil
- Glue stick
- Scissors

### Instructions

- Use your ruler to make straight lines on paper, and then cut out strips. If too big, cut in half to make small rings (pictures 1&2).
- Cut out 2 ovals & glue rings onto both ovals (3&4).
- Use a green piece of paper for the stem. Fold it 3 times & glue the last flap flat (5, 6 & 7). Glue one oval onto the stem & then the other, one at a time. If a ring falls off, re-glue it back on the oval it fell off from (8&9).
- Use another piece of green paper cutting out 2 more ovals. Fold them in half & place on stem for leaves (10).

Happy Spring!

Have a Blessed Palm Sunday!
