

## SPRING COMES IN LIKE A LION, AND GOES OUT LIKE A LAMB.

Print out this sheet with black ink only. Color the lion's mane orange & the face yellow, don't forget, yellow ears. Color the lamb's face grey with pink ears & keep the fur white. Cut out both animals around the outsides. Use a pencil & glue the pencil between the 2 heads. When you roll the pencil back & forth between your palms, after the glue dries, you'll see how fun it is that neither can catch each other & the seasons do change fast.
